Overview

MasseyHacks III (MH3) took place from April 1st 11:00AM to April 2nd 5:00PM, 2017 at Vincent Massey Secondary School in Windsor, Ontario. 219 Hackers and 23 mentors from all over Ontario and Michigan gather together for a weekend of hacking awesomeness.

The following document will cover all behind the scenes action at MasseyHacks III.

Budget

Through sponsorship and the use of the money left from MasseyHacks II, we had \$11856.78 in funding for MasseyHacks III. We sent 2 busses to Toronto, picking up Mentors and Hackers from the GTA and Waterloo area. The entire event costed \$9797.62 leaving behind \$2,059.16 for MasseyHacks IV. The money used for logistics went towards buying t-shirts, stickers and drawstring bags. Miscellaneous costs included small things such as wristbands, power bars, other items for activities, foods, and other small expenses.

Mentors

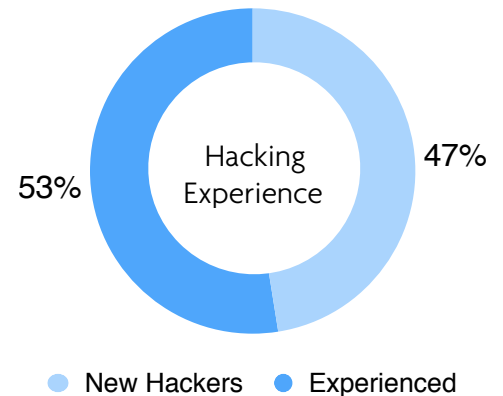

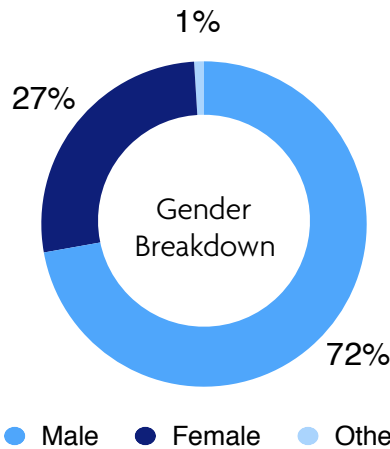

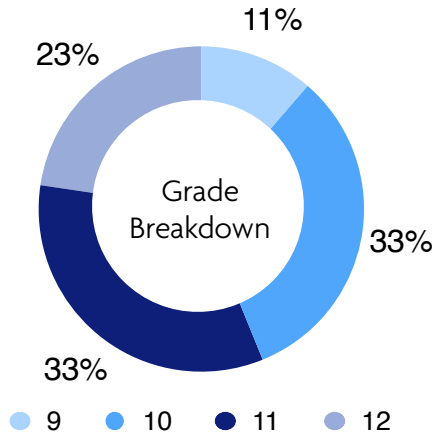

We had 23 dedicated mentors from various universities including University of Windsor, McMaster University, University of Michigan and University of Waterloo. A few mentors ran workshops to teach new skills to the hackers. Throughout the event they helped hackers that needed help with their projects. Thank you so much for taking time out of your busy schedule to help out.

Volunteers

We had more than 30 dedicated Massey students who gave up their weekend to help out with the event. They helped out with multiple jobs around the school and helped made MasseyHacks such a big success. Thank you!
